ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 4, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given that an election will be held, on the 6th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purpose of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums or denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the amount to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected, as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a slip folded containing the printed or written word "Approved." Those disapproving the same shall deposit in the ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the state, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 3d day of March, A. D. 1869.

(Signed,) TOD R. CALDWELL,
President of the Senate.

(Signed,) Speaker of the House.

WILLIAM M. COLE, ... Secretary.
D. F. FACKLER, ... Consulting Actuary
DANIEL AYRES, M. D., LL.D., ... Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS OF TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. F. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, MARCH 19, 1869.

LOOK OUT HANDS.

A gentleman registered his name in Columbia, S. C., as C. Vanderbilt, taking up near one-quarter of a page of the Register for his name. He stated he had 50,000,000 dollars to invest in Railroads in the South.

Isaac, a Jew, was heard to say he would go and see the old Commodore, for he knew him well. Accordingly he called at the Hotel for Mr. Vanderbilt, when a good looking carpet-bagger presented himself.—"You are not Commodore Vanderbilt, said the Jew, for he is a man of seventy. No, you are not his son James; no, nor William." "No, I am his nephew," was the reply.

Tim Harley, a carpet-bag member of the Legislature, betook himself to the washer woman to see how his clothes were marked. When, strange to say, the name of J. W. Watkins was plainly and indelibly written upon his linen.

When Tim Harley heard him say that the great line from New York to New Orleans was complete if the South Carolina Legislature would appropriate 2,000,000 for that part of the line known as the Chatham Road, from Cheraw to Raleigh, he asked, what he wanted with 2,000,000 when he had already 50,000,000? C. Vanderbilt said, that he wanted it as evidence of good feeling on the part of the people of South Carolina.

Tim Harley is represented to us as a clever carpet-bagger—not like our's—for as soon as our's get to be clever they die.

Tim Harley then grew bold enough to call C. Vanderbilt's attention to the discrepancy between the name on his linen and the name on the Hotel Register. In twenty minutes this friend of the Chatham Road had left the city.

We have told this story as it was told to us. Now the question is, who was C. Vanderbilt, *alias* Watkins?

It could not have been one of our hands, though many of them have been absent at all times and periods of the session.

More than one of our hands have been known to steal, as the records of our Courts will prove. A man, be he carpet-bagger or be he thief, who will squat in a county that has a negro majority—associate himself in a secret oath bound society—made up mostly of negroes—then go for enfranchising the negro, and disfranchising the white man, is capable of just such acts as C. Vanderbilt. If we had to guess who C. Vanderbilt was, we would guess our "beloved" Governor's "beloved friend" Judge Alden. When he fled from the city, he went in the direction of the Chatham Road.

The Attorney for the Chatham Road, Gen. Littlefield, should not lose all interest in this Road because of the decission of the Supreme Court, for he was well paid for getting the bill through the Legislature.—According to rumor he received $100,000; according to the evidence of Dr. Hawkins, he received $5,000. But we will stop here, lest the *Standard* abuse us and say we are interfering in "matters strictly private."

THE WESTERN N. C. RAILROAD COMPANY.

The action of the Legislature in regard to this Road, gives great dissatisfaction to some of our friends in the West. It seems, that according to the Charter passed in 1855, it was understood that private owners of the Road would have the same "power in the Stockholders' meeting which, the State shall exercise in the meeting of the Directors." We have quoted from the Morganton *Press*. The Legislature in its recent action has repealed the part that affects to Eastern Division of the Road, but leaves the Western Division untouched. This gives umbrage to many persons, and the *Press* is "heavy" upon the injustice done. It says:

"The private interests of a great corporation with a capital stock of six millions, and to its owners, representing gold value, are to be annihilated at one fell blow, the cup becomes full to overflowing."

If injustice by the legislation of the hands has been done to the interests of any of our people, they owe it to all to make the amende by correcting as soon as possible.

THE HANDS belonging to the House were again demoralized on the advent of the White Fawn troupe. They were so anxious to get a full view of the performers with their very *peculiar* costumes, that they began early yesterday to provide themselves with tickets. The House hands pretend that they adjourned over because they were several days ahead of the Senate in their business. The fact is, they were tempted by what they supposed would be the character of the exhibition, and meant to go, cost what it might, provided they could *borrow*, for be it remembered, the Treasury is empty. The present Company is to exhibit two more nights, and next week we are to have for three nights Skiff and Gaylord's minstrels; the hands will have holiday at night for a long time. Hurry up bands, or you will not get away by the 29th inst., as you have promised.

THE ELECTION IN NEW HAMPSHIRE.

The Radical party has lost 3,193 votes, or 43 8 10 per cent. since the election for President. Why is this? The Rascals carried New Hampshire in November by 8,056 majority. Their majority in the recent election is only 3,794.

GRANT VANQUISHED.

We have already insisted that, from all accounts, Grant in his contest with the extreme wing of the Radicals, has been demolished, and his ambitious schemes set at naught. That in the end we shall be much better off is quite doubtful, for we can not see much preference in the blind rule of a faction to the blind rule of an individual.—The Sumner—Boutwell set may prove as greedy and dangerous tyrants as President—General Grant would. But be that as it may, thus far Grant has been vanquished. He has appointed the historian Motley as minister to England, and it is understood that in doing this he has yielded again to the strenuous assults of the Massachusetts leaders.

It is not improbable that the pertinacity and strength of the extremists may have saved our institutions from immediate overthrow by the man on horse back. The Baltimore *Gazette*, an able Democratic paper, says that "undoubtedly Grant might, without a blow, have assumed and maintained regal power." But it says that he was lacking in nerve. It then makes the following somewhat startling remarks, which has the appearance of plausibility and truth, when we go over the transactions of the last two weeks, and Grant's mysterious reticence for months preceding his inauguration. The *Gazette*, in referring to Grant's purposes to overthrow the government and fasten a yoke upon the people, by proclaiming himself dictator or emperor, says:

"The thing was unquestionably in his head, and hence the original programme of his Cabinet and his other appointments. But he cowered at the first symptoms of revolt on the part of a faction in the Senate who would have surrendered at discretion upon the summons of a single Orderly Sergeant. People although without courage, admire that virtue in leaders, and are marvellously quick in discovering the white feather. General Grant, by his surrender to Wilson and Sumner in the appointments of Boutwell to the Treasury and Motley to the English mission, has forever broken the spell that might have enthralled a great people. The substitution of Boutwell for Stewart is the more astounding since the latter was a declared free-trader, (and therefore acceptable to the President's own section,) while the former is an avowed protectionist, and generally inimical to the interests of the West."

It must strike the reader as very singular that such a man as Boutwell should be appointed. It only establishes the more clearly, when his financial views are known, the fact of Grant's check. That he will remain quietly submissive is improbable, but having lost the prestige of success in the start, it will be very difficult for him to assert his independence of his masters hereafter.

Instead of being ruled, then, by Grant as Dictator or Imperator, we are to be governed for four years by an oligarchy composed of unscrupulous, ambitious, desperate men who have written upon their banners "Rule or Ruin."

VIRUS.

Wendell Phillips has been inoculated with a scab taken from a mad dog. In no other way can we account for his ravings against the South. He has talents of a certain sort. There is great point and force in some of his writings, but he hates the people of the South so terribly he would destroy them all at one fell swoop if he could. He fumes and spits his venom about him, and seems possessed with at least "seven devils." What has kindled his wrath a fresh we are unable to divine. But it is quite apparent that he is bent on mischief, and if he has any influence with Grant or can possibly persuade him to take counsel of him for only once our people will be in a frightful condition. Of course Wendell has followers. He edits a paper in Boston which circulates considerably, and no doubt the greater part of his readers applaud his demoniacal denunciations and threats of vengeance and destruction upon us poor, prostrate Southrons.

Hear this Yankee madman as he deals out the gall and bitterness of his soul.

"If we were in the Senate, we would confirm no man for any office from any Southern State, Kentucky included, (not even Holt,) till life was as safe there as in Vermont. Shoot and hang first; nominate and confirm afterward."

"We beseech Grant to send men South whose very names shall mean vengeance, deep, terrible and most effective vengeance. Put aside sham Governors, and pettifogging officials, and give us the "peace" which is sure to follow the drawn sword in the hands of a prompt, honest man."

"Congress cannot reconstruct the South—law can. Safety for money and men will. Such a man as Butler in New Orleans is worth now more than a mule load of laws. Hang twenty assassins in every Southern Capitol six hours after they are arrested, and you will empty half the bank vaults of Christendom into the South; you will light up all its forges, and crowd its exchanges with business men. This is the way, Soldier of the Wilderness, to "hammer" the rebellion to pieces. Make your vengeance so swift, sure and terrible that the mere name of a "Union man" may be as ample protection, even on the Del Norte, as that of a "Roman citizen" was to St. Paul at Jerusalem."

"Press the Constitutional Amendment.—Press the Executive for a strong arm of resolute law throughout the South. If the South loves blood, let her sup her full of it, only let it be the blood of assassins. Sheath no sword until honest men, black and white, native and foreign, alone and in companies, on lonely prairies and in city streets, sit, each under his own vine and fig tree—the Stars and Stripes—with none to molest or make them afraid."

If this vile creature had kept company during his entire life with the cut-throats and scoundrels of the world, he could not exhibit a more heartless, ruthless, savage spirit. Professing to be the great apostle of freedom and humanitarianism, he would scourge and torture a people who have kept their faith with a constancy perfectly astounding, and been true to all that was of good repute, when sorely maligned and persecuted. This is so. Only the other day the *Standard* admitted that North Carolinians, at least, had been true and faithful. But let the Boston maniac rave on; he will scarcely hurt any one in the South.

TIME UP.—The subscriptions of many of the members of the Legislature have expired. Please settle with our Reporters, or call at our office.

HANDLING DIRT.

It is very difficult to reply to a blackguard. You cannot handle filth without being soiled. You can not have intercourse of any sort with an unprincipled and scurrilous carpet bagger or a thimble rigging scallawag, without feeling a certain degree of contamination. You can not breathe air that has been tainted by the presence of any one whose moral and intellectual nature is covered over with hideous sores, without nausea being superinduced.

The *Sentinel* of yesterday, in an article headed "Question and Answer," exhibits a degree of moral blindness to the beauties of truth that we are astonished to see coming from a pen of a *Doctor of Divinity*.—*Standard*.

The Editor's name is printed at the head of the editorial columns of the *Sentinel* in bold type. He has never authorized any one to attribute the editorials of the *Sentinel* to either a Doctor of Divinity or to any one else. It is a piece of unadulterated impudence in the *Standard* to go out of its way to assail most cowardly a "Doctor of Divinity." It has no right to attribute this or that article to any person it chooses. It is evident the arrow that was winged from the *Sentinel's* bow pierced the hide of the irate creature.

"It is true that he shows a greater aptitude for the things of this world than of the other, yet he should preserve an appearance of goodness, *if he hasn't really got any*."—*Standard*.

Here we have the *policy* and *principles* of the *Standard* fairly uncovered. You must *profess to* be good, although you be the veriest sinner in the world. You must *profess* virtue though you be lecnient and vicious. You must *assume* truth, although guilty of unvarying falsehood. You must *proclaim* yourself patriotic, although the meanest of traitors. You must *pretend* to be the friend of the innocent and virtuous, although you endeavor to tarnish and corrupt. You must uniformly *play the part* of the hypocrite—both in religion and in politics,—hoping that "your sins will *not* find you out."

Therefore, the *Standard*, true to its instincts and its principles as above proclaimed, now sings praises to the Lieutenant Governor, when it formerly said, "God save the people of the West from such a man!" It now praises Judge Reade as a Radical saint, when in former years—July 1859—it denounced him in round terms as an abolitionist, a sneak, and a rascal. It now clamors for a monument for Lincoln, when on the 8th of June 1861, it boldly asked, (anticipating Booth by four years) "Who will plot for the head of Abe Lincoln?" It now wants the government to send troops to keep down the white people of the State, when (see *Standard* of June 12th 1861,) it asked the State Department to send it a $60 Sharpe's Rifle and $53.50 worth of percussion caps and cartridges, with which one of "Lincoln's hirelings" was to be shot. It now loves with a surpassing passion the dear negro, when it once advised hard work and frequent floggings as the proper dose to be administered. It is quite apparent, after this, that it has not even "an *appearance* of goodness," for its hypocrisy and meanness stand out in bold relief.

"The person who wrote that article well knew that the present management and editors of the *Standard*, are in no way responsible for the article to which he alludes, and that they expressly disclaimed all sympathy with it, yet by an indirect assertion, he endeavors to controvert the truth, which is a *lie by implication*."

If we were to copy the manners of the *Standard* we could retort by giving the "lie" direct and not "by implication." It is not known to us that the assertion in the above extract is true. When did the *Standard* "disclaim all sympathy with" the outrageous attack that was made upon the ladies of North Carolina? If it has indeed become ashamed of its base conduct in the past, it ought to let it be known, for it is supposed by many, that the same creature who wrote the infamous article referred to, is still a writer for the *Standard*, and probably wrote the abusive and vulgar article from which the above is an extract.

"We would respectfully suggest to this rather shaky pillar of the Church, that if he hasn't righteousness enough to serve the Lord, *he needn't go into the Sentinel and serve the devil*."—*Standard*.

Here we have another exemplification of the old adage—"*Satan* reproving sin." As a man must lose necessarily all character for truth and "righteousness" who identifies himself with the writers of the *Standard*, so that saintly sheet would fain suppose, that such must be the case with the *Sentinel*. "All looks jaundiced to the jaundiced eye."

"He might at least preserve an armed neutrality."—*Standard*.

This obscene and ill bred thing concedes that we may at least "preserve" such a "*neutrality*." That is more than we can *truthfully* concede to the *Standard*. It has given up its "arms" long, long ago—has surrendered horse foot, and dragoons, baggage wagons, sutlers goods and all to the "father of lies," and now is doing *his* work with a zeal and heartiness that might well put to shame the lukewarmness and want of consecration on the part of those who "serve the Lord."

MONSTROUS.

The hands have been in session over five months. The *Standard* says that it costs the State $1,500 a day. So according to this count, over $225,000 have already been taken from the Treasury to pay the wages of such hands. Stationery, pen knives, the expense incurred in the way of lights, fuel, &c., &c., are not included in the above estimate. The whole cost up to this time reaches probably $300,000. In addition to all this, when the millions of dollars that they have voted away in wild and visionary schemes, (until the prospect is as black as blank can be for all,) are added to the account of their robbery of the people, it becomes a wonder to every rational creature that they have not been driven before this from the Capitol by an indignant and outraged constituency.

Legislature of North Carolina.

SENATE.

FRIDAY, March 19, 1869.

Mr. Love, (after the reading of the Journal by the Clerk,) asked that the language of the second resolution in regard to the difficulty between himself and Mr. Moore, be so corrected, as not to leave the impression that Mr. Moore gave him no provocation, whatever, for the language, which, he, Mr. Love, used towards Mr. Moore—as the preamble clearly stated, or implied provocation to some extent, on the part of Mr. Moore.

Mr. Lassiter, thereupon, moved that the vote, by which said resolution were adopted, be re-considered.

Mr. Barrow moved to lay that motion on the table; and the yeas and nays being called resulted yeas 19, nays 15.

Mr. Love gave notice that he would, at an early day, avail himself of his personal right guaranteed by the Constitution, article 11, sec. 19 of entering his protest against the article of the Senate, in the adoption, on yesterday, of the preamble and resolutions, relative to the Senator from Carteret and himself.

The rules were suspended, on motion of Mr. Martindale, and the Senate proceeded to consider the bill to raise revenue.

The section, proposing to tax incomes on Billiard tables, caused a protracted debate, which was participated in by Messrs. Osborne, Robbins, Sweet, Barrow, Graham, Welker, Cook, Winstead, A. J. Jones and others.

When Mr. Love said, that the time consumed in the discussion of taxing billiard tables, (in both the House and the Senate,) had cost the State a larger sum than would be collected from this source of taxation.

Mr. Cook said, the proposition involved a constitutional question. He did not think it constitutional to impose two different taxes, as proposed—[the property should be taxed *ad valorem*]—if the table be taxed, the income should not, &c.

The section was disposed of by refusing to tax income, but imposing a tax on the table.

Succeeding sections were considered, and variously amended.

The vote by which the bill was ordered to be read by sections, was reconsidered and the substitute was read a second time, and the previous question was called and sustained, and the substitute was rejected on its second reading, by a vote of yeas 11, nays 28.

The question then recuring on the original bill as it came from the House, the second read—resulted yeas 27, nays 11.

Mr. Forkner then moved that it be referred to a Committee of one from each Congressional District. Prevailed.

The Senate then adjourned.

HOUSE OF REPRESENTATIVES.

FRIDAY, March 19, 1869.

Prayer by the Rev. Mr. Long, of Chatham, of the House.

Reading of the Journal was dispensed with.

Mr Kelley, of Davie, from the Committee on Private Bills, reported favorably upon the resolution in favor of R. B. Wood.—Placed upon the Calendar.

By Mr. Parker: A bill to amend section 155 Code of Civil Procedure.

On motion of Mr. Parker, the rules were suspended, and the bill passed its several reading, and referred to the Committee on Judiciary.

The Chair announced Messrs. French, Jarvis, Leary, colored, Graham and Blair as the Special Committee on Disabilities.

On motion of Mr Vestal, the rules were suspended, and the bill allowing the Commissioners of Yadkin county, to levy a special tax, was taken up and passed its third reading, by a vote of yeas 65, nays none.

On motion of Mr. Jarvis, the rules were suspended, and the bill empowering the Commissioners of Washington county, to levy a special tax, was taken up and passed its third reading, yeas 68, nays none.

The bill empowering the Commissioners of Wake county, to levy a special tax, passed its second reading under a suspension of the rules.

A similar bill in relation to Perquimans county, passed its third reading.

By Mr. Bowman: A bill in relation to levying a special tax for Buncombe county. Referred.

SPECIAL ORDER.

Bill creating a mechanic and laborers lein law.

The bill elicited quite a long discussion and after being variously amended, passed its third reading by a vote of yeas 81, nays 1.

By Mr. Ashworth: A bill to allow the Commissioners of Randolph county to levy a special tax. Referred.

——— Reynolds, colored, moved that when this House adjourn, that it adjourn to meet at 4 o'clock P. M., this afternoon.

Mr. Ingram said that the House just wished to do away with night sessions in order to attend the "show."

Mr. Stilley moved to substitute that from and after to-day, the House have afternoon sessions, commencing at 4 o'clock, P. M., in lieu of the present night sessions.

After some debate, the substitute was adopted.

On motion of Mr. Downing, the rules were suspended, and the bill appropriating $12 000 to the University of North Carolina, was taken up.

Mr. Durham moved to strike out $12,000 and insert $5 000. He said he made that motion in order to test the sense of the House. He was perfectly willing to vote a sufficient appropriation whenever there should be a system of common schools organized, but was opposed to passing a bill appropriating this sum to support five or six Professors for instructing a couple of boys. He was opposed to appropriating a cent until a proper common school bill had passed.

Mr. Ingram moved to postpone for two weeks.

Mr. Argo said that he hoped the motion would not prevail. He thought that if the State intended appropriating money to that institute, it had as well be done now as at any time. He had heard that the number of students was increasing, &c.

Pending any definite action, the House adjourned to meet at 4 o'clock, this afternoon.

MR. SUMNER AND HIS AFRICAN FEMALE FRIENDS.—A dispatch from Washington says:

In the Senate to day, just after the adjournment, and while Mr. Sumner was engaged in earnest conversation with a friend, a dapper young African, dressed in the height of fashion, accompanied by two females of the same "race and color," gorgeous in feathers and silks, approached, and touching Mr. Sumner on the shoulder, claimed acquaintance, and immediately presented his female friends to the great champion of their race. The damsels were delighted to see Mr. Sumner, and each took a hand and settled themselves for a little talk over matters and things. Mr. Sumner did not seem, however, to appreciate their attention, and with the best grace he could command withdrew his hands, and turning his back, resumed the conversation which had been interrupted. The party were evidently not pleased at their reception.

IMPORTANT TO MILL OWNERS.

IN ORDER to accommodate the Milling public with "GODWIN'S PATENT VENTILATOR AND BOLTING CLOTH CLEANER," the undersigned has reduced the price of his Smut Machines to $75. The two will be combined. This important invention guards against damp wheat and damp weather, thoroughly cleaning the Cloth each revolution the Reel makes, and filling the Reel all the time with cold air. Send back your old Machine and have them renewed thereby saving the price of a new machine. They will be returned and warranted for four years. In no case buy a Smut Machine without writing to me first, as there are Machines now being sold as McMannen's Smut Machines which are only an imitation.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and of whatsoever name which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs of heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices, generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an impure, sadly exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is an efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is added by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions* or *Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose flourishing of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Bumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

LIFE INSURANCE COMPANY,

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $126 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium may be paid each year and the dividends applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policy will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid* in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,304 11
Income from Interest,	1,384,905 48
Total Income for the year,	8,746,209 59
Losses paid,	1 241,363 00
Dividends paid,	328,284 00
Total Losses paid to date,	5,036,863 00
Total Dividends paid to date,	2,197,2 8 00

It will be seen from the above that the INCOME FOR INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate LOCAL INVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it is also at its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $126 Assets securely invested, for every $100 of its liabilities.

COPPER ORE.—We were shown yesterday, at the office of the North Carolina Land Company, in this city, several specimens of Copper Ore, from mines in the county of Rowan, which, for richness, is said to surpass any specimens ever obtained in this State. Gentlemen experienced in such matters, say the ore contains forty five per cent. of copper. Persons interested in such things, would do well to call and examine these specimens, at the office of the Land Company, in front of Tucker Hall.

WHITE FAWN.—The presentation of this great spectacular play, last evening, by Whitman's celebrated troupe, was attended by a large audience. Delays *en route* to the city prevented the arrival of the Company until but an hour or two before that announced for the exhibition, and, as a consequence, most of the splendid scenic effects, from want of time for preparation, were necessarily dispensed with. Everything will be properly arranged for this evening, however, and the full mechanical effects will be displayed,—presenting, we are assured, a gorgeous scene. Many of the artistes of this Company possess fine talent in their respective roles, and the grand transformation scene, even under the disadvantageous circumstances of last evening, was surprisingly beautiful. We do not doubt that a full house will be delighted to night.

DR. S. P. WRIGHT.

We alluded to the trial of this individual yesterday. He has been discharged, and the case dismissed, after it had detained Commissioner Porter in its investigation for a part of two days. We learn that General Bennett stated to the Commissioner, that Dr. Wright was appointed by him, and that if any censure must attach to any one that it belonged to him. The law, it seems, had been changed, and, Gen. B. according to his statement, acted in ignorance. Dr. Wright supposed himself duly qualified to act as collector for the district, having been appointed by Gen. B. He had, as the law required, deposited the amount collected, some $3,300, in the National Bank, with the exception of $300. The law requires a deposit when sums amount to $1000, and, therefore, the Doctor was waiting to collect other sums before the $300 was deposited too. These are the facts that are material for the vindication of his character.

AMERICAN ART OF OIL PAINTING.—Mr. C. A. W. Barham showed us this morning a handsome *oil painting* which is new at least. He obligates himself to teach any lady or gentleman this New American art of painting in oil in the short space of *two hours*.—If he do not give perfect satisfaction he makes no charge for his lessons. This is certainly all that could well be asked. He has also a unique way of adorning with flowers and vines table ware. He says the paint thus administered will not wash off. He may be found, for a few days, at the Yarborough House. He is a North Carolinian, and an "old Confed."

STAMPEDE.—At about 1¼ o'clock on yesterday, an alarm of fire was suddenly given, when the entire House of Representatives broke up in perfect disorder, and the hands rushed out frantically.

TRINITY COLLEGE has 180 students. The President, Rev. Dr. Craven, has fine administrative talents.

MR. EDITOR:—Will you be kind enough to inform me whether Messrs. Graham, Beall, Melchor, Murphy, Barnes, Scott, and one or two other Senators, have all gone over to the Republican party? They seldom vote with Mr. Osborne, and being a constant reader of the *Sentinel*, and an occasional visitor to the Senate lobby, their course prompts me to make the enquiry of you. Please answer! Z.

Sassafras, which is so abundant in our old fields, is getting in great demand. Col. Wm. S. Rankin is buying all he can at 5 cts. per pound, and it is astonishing to see the quantities daily brought to market.—We hear W. N. Armfield has a sassafras oil distillery in operation about four miles of Greensboro. This opens up a new and extensive field for remunerative labor for the women and children.—*Greensboro Patriot.*

For the Sentinel.

RETROSPECTION.

MR. EDITOR:—The astonishing progress of the age has induced me to write a few thoughts for your paper. So rapidly have we advanced in civilization (or something else) that the conduct of some of our officials is well calculated to leave the impression on the minds of thinking men, that they regard the public welfare as only secondary to the *great* object of retaining the sustaining influence of mongrel constituents that placed them in power. Instead of trying to restore confidence by propagating principles of equity, and enacting wholesome and efficient laws, you can see them astraddle their favorite bobby, with their mongrel supporters around them, talking about the *great* importance of "relief for the people." All creditors, desiring the smallest portion of their hard earned dues, are regarded as merciless vampires, from whose clutches *all debtors* should have relief, by special enactment, retrospective or otherwise. They seem to think "relief for the people" means retrospective legislation for debtors, regardless of the rights and necessities of destitute widows, and poor, uneducated orphans, ruined by such unforeseen legislation.

With those in favor of a homestead exemption, reaching forward, I have no quarrel. If the people of North Carolina desire it, as far as I am concerned, they are perfectly welcome to a homestead exemption (going forward) embracing all they possess, and may possess, from this time forward, until the thunders of the last day shall burst asunder the ribs of nature, and shake the earth from pole to pole. If, for a moment we admit the justness of the principle of retrospective legislation, I can see no place where with any degree of certainty, we can plant our feet.

The distant mutterings of a storm cloud sometimes admonish us of its approach and its course; but retrospective legislation gives no premonitory symptoms of the durability or extent of its withering, blighting influence. Sweeping, like a "dread sirocco" o'er the land, crushing out public and individual confidence, and poisoning all the avenues of social, civil and political existence, it would leave a blackening cloud of inefaceable infamy in its train. With an ignorant, irresponsible constituency, urging unprincipled legislators to iniquitous acts of retrospective legislation, what assurance has any one that some unforeseen act of whirlwind legislation will not scatter his effects to the four winds of heaven?

We hear men sometimes talking about the recuperative influence of foreign capital in our State,—about holding out inducements for men of means to come here. Does any sane man suppose, for a moment that shrewd, calculating men would quit a State, blessed with stable and wholesome laws, to be ruled by an irresponsible majority, claiming the right of retrospective legislation, just simply for the privilege of paying enormous taxes they had no hand in laying, and no means of avoiding? Business men wish to manage their own capital, and do not like to place themselves in positions to be plundered, without the means of resistance.

So far from inducing capital to come here, I am not sure we are not driving our most worthy citizens to descendency, and from the State. When once a tax-paying minority despair of a remedy from insufferable burdens, imposed on them, without their consent, by others, will they not seek relief from the ruinious depletion elsewhere, leaving North Carolina to her fate? Many of our honest citizens will bid adieu to the graves of their sires, and seek relief and repose in other States, where their rights will be respected, and their children enjoy the privileges of freemen. It is preposterous, in the extreme, to talk about Northern capitalists seeking investments here, or of retaining what is already here, while an unthinking majority cannot suppress the ebullition of their joy at the downfall of all above them. With an unscrupulous majority, grinding an overburdened minority in the dust, it is perfect folly to think of State or individual prosperity. There is a point beyond which the endurance of *wise* men will not, or ought not to go; and whenever, in our State's history, a merciless majority shall drive them to that point, they will seek an asylum elsewhere, and leave *them* to their folly and their madness. TYRO.

For the Sentinel.

SYMPATHY FOR THE UNFORTUNATE.

We sympathize for the unfortunate also, but we don't expect to accomplish anything by raising a Smelling Committee, as is proposed by the *Standard*. Nevertheless, upon reflection, we consider that, if the case referred to is to be investigated by a Committee to be raised by this sympathizer, we consider the contents of the carpet bag a lost cat. Sure, notwithstanding the sympathy manifested by the writer of a very short article that appeared in a recent *standard*, is one of no e, nevertheless rumor says that the gentlemen who proposes to raise the investigating Committee is to be Chairman, and while the majority of said Committee might be in favor of reporting favorably, we fear that the Chairman would bring in a minority report, and thereby defeat the object sought by the majority of said Committee.

OCCASIONAL.

OLD DEBTS.

Decision of Judge Jones at Martin Court.

We learn that at the present term of Martin Court, Judge Jones declined to adopt the rules made by Judge Tourgee for this District, saying that as to a portion of them he did not think the Code or the decision of the Supreme Court authorized the rules, and he suggested that as to actions for old debts prior to 1st May 1865, returnable to this term he would permit the defendants to put in dilatory pleas; and as to new debts since 1st May 1865, the summonses ought to be amended by the consent of the Bar, to be made returnable before the Clerk and then the answers could be put in and the issues would stand for trial at the next term; and it was therefore understood by the Bar that this course would be adopted at this Court.—*Tarboro Southerner.*

THE "WORLD" ON GRANT.

Mr. Grant apparently conceives that the civil service of the country was instituted as a reward to the people who have done various civil services for him.

The Portland *Advertiser* has discovered that Grant's inaugural is ponderous: "every word in it weighs a pound." Well, it is rather heavy.

The new administration is not only one of "peace," but is fairly patriarchal in its realization of a strictly "family government."—There has been nothing like it since the first Napoleon set up his brothers as kings in Europe.

Two walking sticks; a broom; one dozen pair woollen socks—nice for spring; pair boots, eagle on the legs; four years' pewrant; and his pieter, are Grant's latest gifts.

'He gathers them in; he gathers them in."

The clannishness of the old Scotch Grants re-appears in the American branch. The Scoten Grants believed in keeping everything in their own family, even their own itch.

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN

is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which renders it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes. Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the 1V, COME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent.) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from older and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurance and other journals, to try and check the rapid progress of the National, an unsuccessful motion was made in Congress to repeal its Charter, all of which but accelerated its speed for since then, the largest policies issued have been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

Full and correct market and financial reports will be given.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any stove or range, in any house, and the LOW PRICE of the above pieces is within the reach of every family.

This Boiler operates upon purely philosophical principles, in self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the entire wash, penetrating rapidly, cleaning all articles, from the finest lace to the coarsest. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pounding.

The time required for cleansing a boiler full of clothes is twenty or thirty minutes, and nearly three hundred gallons of soaking suds are forced through the fabrics, thoroughly cleansing and cleansing the dirt with the labor of minutes.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be counted in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at ROGERS & ELliot Hall's, and see its workings in operation.—We have the exclusive right to sell and manufacture in the state.

COME TO

A. CREECH'S!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c. &c., and all such stuff. What a rocky set of individuals!

Now just let ME tell you, that there is more cunning than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP, LOOK OUT! HANDS OFF! and show your good judgment by
